

Doing vs. Being

Doing: The Insecure Cycle

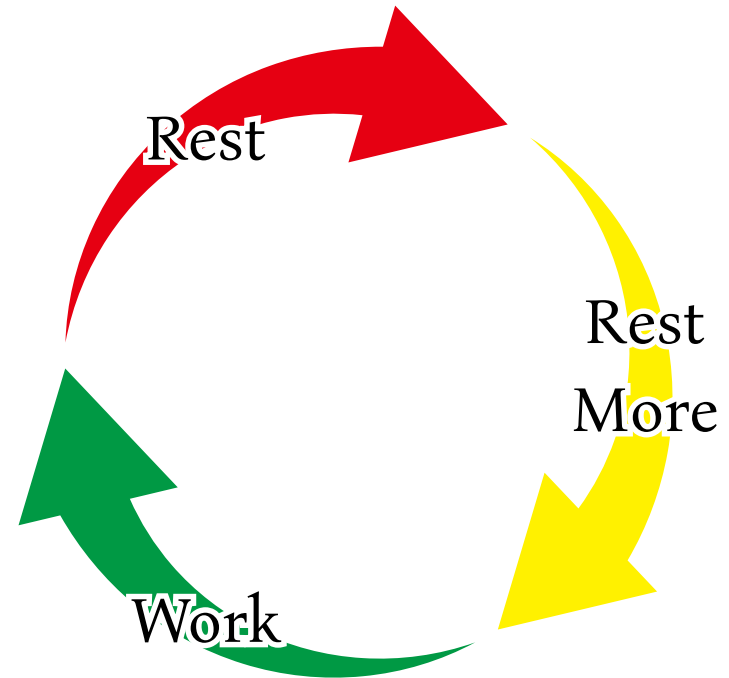

The Trap:

Work: If I work hard enough,

Work Harder: and then prove my worth,

Hope: maybe I can finally feel secure.

The Result: Continuous anxiety, because
the "Doing" is never complete.

Being: The Secure Cycle

The Truth:

Rest: God calls me Beloved/Redeemed,

Rest More: so I rest in that relationship,

Work: then I'm privileged to work or serve.

The Result: Deep security that anchors
actions in love and faith rather than fear.
